CREATE YOUR SPACE™ DREAM DECK IDEA STARTERS

Remember when you were a child and the boardwalk stretched as endless as a summer day? Every few feet, the sounds and the aromas changed until your senses were giddy with the possibilities of it all. This deck holds that same promise. Add this, take away that, and it becomes whatever

you need it to be at that moment in time... its simplicity is its greatest virtue. Low enough and large enough to be a playground by day, but sophisticated enough to become a dance floor at dusk. It's not just a deck; it's your own private boardwalk... without a splinter in sight.

Use the blueprint above to determine whether this deck design will fit your outdoor space. Keep in mind that any Trex deck can be customized to bring your dream to life. Each of the six plans in this kit include common shapes and features that can be used as a jumping-off point for your own creative expression. Combine colors, form, and function that match your home and personal style. Use the enclosed grid and pop-out sheet of deck furniture and other accessories to see how it all fits together.
