

**Trex® CustomCurve™**  
HEATING & BENDING SOLUTION

## Stay ahead of the **CURVE**

Decks these days come in so many shapes, sizes, colors and levels it's no wonder the good life is way better outside. In fact, it's a life Trex has perfected with its expertise and innovation in the backyard oasis business. So to help you master the modern luxury deck we introduce the Trex® CustomCurve™ Heating & Bending Solution.

Your ticket to showing customers how to raise outdoor living to an art form. The Trex CustomCurve is an innovative, easy-to-use heating unit that lets you curve decking, railing and trim on or off site. Now you can build decks that literally wrap around the most perfect afternoons.

## A WISE INVESTMENT

- » Ready to bend Trex® products in an hour or less
- » Bend all Trex decking, rails and trim and get your money's worth over and over
- » Consistent heating from end to end minimizing costs of unusable materials
- » Plan for a more predictable profit
- » Keep creativity high and distinguish your work from your competitors

## EASY TO USE

- » Lightweight—can be transported easily between jobsites and features adjustable legs to simplify leveling
- » Accommodates 8' boards for ease of handling
- » Forming table included to control your perfect, custom radius
- » Operates on LP gas and 110V, 15 Amp service
- » Easily achieves a 10' radius
- » 6 easy steps:
  1. Turn the heater to the "ON" position and set it to the prescribed temperature
  2. Transfer the exact radius from the deck surface to the forming table using a template
  3. Secure the inside fence to the forming table adjustable brackets
  4. Once the CustomCurve™ has reached the recommended temperature, load the Trex product onto the tray, close the heater door and heat the product for the appropriate amount of time
  5. Place the heated Trex product against the inside fence, secure it with the outside fence and the forming table adjustable brackets; let cool
  6. Trim the product to the desired length and install

Approx. 330 lbs, 24" h x 40" w x 128" l

## Only for you. Only from Trex.

Trex is the first company to create a bending solution exclusively for contractors, giving you the ability to create those unique, showpiece decks that are unmistakably Trex.
